Hi Jim,

I'll be coming by next Wednesday at about 10:00a.m. to meet with Stephen Lobik about the plans (from an IT perspective) to renovate the DPH space there in Amherst. You are welcome to join us. It could be helpful to have your input on where PCs and printers are going to be placed.

P.S. I hope this isn't the first you've heard about this. I just found out myself earlier this week.
